Subject: FW: Discovery Packet

I got this from bob yesterday. The numbers are [REDACTED] and I told him they have not been analyzed yet. I guess we should make a note to whoever analyzes them that a discovery packet need to be done for these samples. I can grab them today and get them done if you want.

Rebecca,

There was a second discovery packet I requested from James. It was for [REDACTED] (last name), [REDACTED] (first name) Class B. I have requested the certs number from Amherst. The certs MAY NOT have been done yet. is there a way, at your end, to see if they have been submitted. I thought I would check on this from both directions.

Thank you,

Bob

ADA Opsitnik,

I have the [REDACTED] Discovery Packet ready to go, I am just unclear on where you would like it sent to. I can mail it or fax it. Please let me know. Thanks.
